

As parents of current, former, and future Methacton School District students, the Methacton Together for School Board team believes that our passion to serve our schools and community makes the seven of us worthy of your vote on Tuesday, November 7th. We are committed to investing in and advocating for our students, empowering our talented educators and staff, and uniting our school community.

With seven seats up for election, we decided to run as a joint slate because commitment, intent, and unity matter.

Our goals are simple:

- Educate all students so that they are prepared to become global citizens
- Inspire the community to work together in the best interest of our residents, students, teachers and staff
- Commit Methacton School District to fiscal accountability and evidence-based decision-making with input from all stakeholders

Since May, we have knocked on thousands of doors in Lower Providence and Worcester Townships to meet our neighbors and discuss what Methacton is doing well and where it can improve. As a team, we've analyzed that feedback, and it has guided us in building our vision for the Methacton School District.

We will create a culture at Methacton that is focused on student success, support for staff, and stakeholder engagement. We aim to foster an environment that is welcoming, engaging, and modeled in the spirit of belonging and cooperation. We support evidence-based educational environments and practices, which includes access to diverse literature. This is proven to

build knowledge, promote academic success across all disciplines (including math and science), and encourage high student achievement. Methacton's faculty and staff have years of experience and professional education, and we respect the knowledge and skills they bring to the district. We also value the importance of family involvement and communication regarding a child's academic needs.

We are focused on our local Methacton community and driven by the desire to support and improve it for all its residents. We are not running to cater to national politics, instill anger or fear in the community, or take away students' abilities to practice and hone creative, critical thinking skills. As fellow taxpayers, we will keep the district's budget practical and advocate for the Commonwealth of PA to pay its fair share of public education costs. We will be Methacton School Board Directors with the commitment to bring together students, staff, and the community.

Please vote for Methacton Together for School Board's seven candidates on Tuesday, November 7th.

Respectfully,

Kathleen Thiel, Kate Graf, Pooja Chanda, Semira Perdue, Paul Winters, Glenn Mersky, and Cathy Cleary
